WHAT IS SWAPSEA?

Swapsea is more than just an email reminder service for your upcoming patrol.

Patrol Swaps: Make Swap Requests & Offers

Swapsea makes it easier for you to manage your patrol commitments by providing a central place to find a substitute for any dates you can't make.

Calendar Sync

Sync all patrol commitments to Outlook, iCal, Google Calendar or any other service that supports .ics files. Your diary is automatically updated when you swap too. It's just another thing Swapsea does to help manage patrol commitments.

Mobile Ready: Better for the active you

Swapsea has been designed mobile-first, so you can manage your patrol commitments anywhere at any time. Swapsea works on your commute to work or when catching up with fellow members. It even works well at the beach - right where you need it.

Weekly Reminders
Everyone is busy and sometimes we need a gentle reminder. Swapsea automatically reminds members about their upcoming patrol commitments.

Swap Patrols
Can't do your next patrol? We've all been there! No worries, just swap it. Once confirmed, neither side can cancel.

Amazing Reports
Better information means better decisions. Swapsea has a rich set of reports with all the important stuff that patrol captains and surf club officials love.

PATROLS TAB
